

Softship's eNews **10**

A merry Christmas and a happy New Year!

SaaS Shipping as a Service

Why choose SaaS?

You get instant access to the world's most capable shipping applications without a up-front bulk investment into licenses and hardware.

There is no easier way to start profiting immediately from leading IT solutions.

Why stay with SaaS?

You won't have to worry about the IT system at the core of your business - fixes, updates, regular backups, soft- and hardware security - everything is managed by Softship experts.

It is a simple as that: Your IT is there for you, ready to serve. 24/7. Without a hiccup.

Shipping as a Service - IT without a fuss
